V Gokul Das, Managing Director, HRS Process Systems Ltd

India Infoline News Service | August 13, 2014 08:55 IST

Optimum use of resources with minimal impact on environment has always been our aim. HRS is a One-Stop-Solution provider for all heat exchange solutions for the process industry.

 Print

V Gokul Das, Managing Director, HRS Process Systems Ltd has experience spanning over 20 years. He joined HRS Process Systems as Director in 2003. Under his leadership HRS has seen the turnover grow from Rs.2.40crore in 2003 to Rs.38crore during the last fiscal in addition to a significant enhancement of the companys asset base. Gokul has overseen the setting up and commissioning of HRSs world class manufacturing facility of 20,000 sq ft at Koregaon Bhima, Pune (ISO 9110, ASME U). With a view to streamlining operations in sync with the companys growth in India, Gokul took the decision of setting up separate Strategic Business Units (SBU) for Tubular Heat Exchangers & Food Systems at HRS PSL in 2010.
